**EDCO ANNOUNCES UPDATED FIRE SCHEDULE FOR SD COUNTY
WASTE & RECYCLING COLLECTION**

Fallbrook – Residential service will be restored in repopulated areas on the regularly scheduled collection day commencing Monday, October 29th. All commercial and roll-off services in repopulated areas have now been restored. Fallbrook Recycling & Transfer Facility has now re-opened for acceptance of self-haul waste from 7:00 a.m. to 4:30 p.m. Monday through Saturday.

Escondido County and Valley Center - Residential service will be restored Saturday, October 27th in repopulated areas that were under mandatory evacuations and regular residential service will proceed next week on the regularly scheduled day. All commercial and roll-off services have now been restored in repopulated areas.

Poway – Residential service on the regularly scheduled day will resume Monday, October 29th and excess material may be placed outside residential carts for collection at no additional charge. All commercial and roll-off services in repopulated areas have now been restored.

San Diego, Alpine and Lakeside –All services have been restored in repopulated areas.

DeLuz, Del Dios, Julian, Pala, Pauma, Potrero, Rainbow and other closed areas that remain inaccessible have had service discontinued until further notice. Service will be restored to affected areas once roadways are opened to the general public.

Regular collection operations continued throughout San Diego County, including Coronado, Encinitas, Imperial Beach, La Mesa, Lemon Grove, National City, San Marcos, Solana Beach, Vista and the other unincorporated areas of San Diego County.

EDCO is family-owned and locally operated and provides waste and recycling services throughout San Diego County. For more information regarding EDCO visit our website at www.edcodisposal.com.
